

The Whigs and the Whig Convention.

The whig committee have appointed the month of May, as the time for assembling the whig convention. This is three months better than the old time, but is yet three months too early. The last of August, or the first of September, is quite early enough to make nominations for an election to be held in October. A political campaign of thirty or forty days, is as long as the interest and enthusiasm of the people can be sustained. Candidates lose, by being nominated months and years before-hand, and then being up to dry, like smoked hams. The people get tired of their names, and finally forget they are alive. A short campaign, and an energetic one, is the principle of political warfare. At the close of the campaign of 1848, the politics of Ohio were found in a singular position. Neither of the parties, as represented by their presidential candidates, were in a majority. The fact was not in itself so remarkable as the manner and composition of the vote. Mr. Cass had received a large plurality over Gen. Taylor; but he had not fallen short of a majority, but had also fallen short of a majority, but had also fallen short of the vote of Mr. Clay in 1844. Nor was this all. Of the 16,370 new votes given, Mr. Cass received but 5,558, or one-third. This was not equal to the growth of the democratic party, had things remained as they were.

Analyzing the vote given in 1844 and 1848, and dividing the new votes proportionally among the parties, we find the vote of Mr. Van Buren, in Ohio, was thus made up:

Liberty voters	8,500
Democrats	3,000
Whigs	23,800
Total	35,300.

The inference, from this state of facts, is, that on questions of general politics, and especially in reference to our state policy, the whigs are as they have been, in the majority. Who, for example, doubts that if the question of "bank or no bank" were submitted to the people of Ohio, they would sustain banks by a large majority? Who doubts that the system of revenue, adopted by the whigs in 1846, and now working so prosperously all over the entire state, would be sustained by the people? Who doubts that the people of Ohio will support the supremacy of the law? Who doubts they will sustain the president in recommending the improvement of our rivers and harbors? Who doubts they will sustain an American tariff? Who doubts they will sustain President Taylor, in recommending the admission of the free state of California?

And now, be it remembered, that each and every one of these articles are articles of the whig creed; while just as certainly they are not articles of the democratic creed. The democratic convention pronounced against banks. It laid upon the table a resolution in favor of human liberty, by Mr. Warren of Medina. It denounced the law of the land—a law which these very democratic members of the legislature acknowledged to be the law, by voting to repeal it. It passed by with indifference, or kicked with insult, every measure, whether abstract or practical, which offered the best possible advantage to the people! What did it offer in their stead? Nothing but a hatch-pot of the same stupid stuff—worthless nothing—which had been offered and uttered by the mouths of rabid demagogues from 1836 to the present time.—They are the same motives and words which the whigs have repeatedly overcome.

In this state of things, nothing is needed to restore the unity and power of the whig party, but a little discretion and a little liberality. The whig freeholders (as they are called) do not differ from other whigs the tenth part of a hair. The sentiment of freedom, in its application to constitutional objects, is the sentiment of the whig party of Ohio. It is, therefore, with regret that we see some persons disposed to speak of whig freeholders, as if the mere fact of a temporary difference had separated them from the whig party.

It is one of the fundamental articles of our political creed, to permit free opinions and free utterance. We say, then, a little discretion and a little liberality will re-unite the whig party, and re-unite its supremacy. The people of Ohio are with us.—They are a virtuous, intelligent and prosperous people, who will never voluntarily deliver themselves over to the brood of faction, or to the destruction of the best interests of the state.

FROM HONORABLE.—By her Majesty's steamer Vixen we have received late intelligence from Belize. The settlement appears to be in a sadly distracted state in consequence of the monstrous proceedings of Mr. Chief Justice Temple, supported by the superintendent Colonel Fancourt. Constitutional liberty can scarcely be said to exist in the settlement. The press is strangled, no editor dares to give utterance to public opinion, where that opinion chances to be condemnatory of these functionaries. Mr. Lewis, the Attorney General, has been compelled to resign his office, declaring himself unable to serve as the law officer of the Crown in Courts presided over by an individual capable of the acts to which Mr. Temple has descended, and representations numerous signed by the most influential men in the settlement, have been forwarded to the Secretary of State, demanding Mr. Temple's suspension. Meanwhile the strongest sense of the community has been expressed against the proceedings of the twin despots. In spite of every effort of Colonel Fancourt to prevent it, Mr. Lewis has been elected almost unanimously a member of the Public meeting. [Kingston Journal.]

In Chancery.

Court common pleas, Sandusky co., state of Ohio.
John L. Greene, Administrator of the Estate of Daniel Moore, deceased,
vs.
George Moore, John Haysburger, Catherine Haysburger, Sarah Moore, and others.
THE said George Moore, John Haysburger, Catherine Haysburger and Sarah Moore, all take notice that said complainant has filed in the court of common pleas of Sandusky county, Ohio, a petition against them and others, the substance of which is, that said Daniel Moore died intestate; that petitioner has been appointed administrator, that the personal property is insufficient to pay the debts of said intestate, that he was seized in fee simple at the time of his death of the following lands and tenements situate in Sandusky county, Ohio, to-wit:

Lot number one hundred and ten as numbered on the plat of the Monroe Road lands, in township number five range number thirteen, and in section numbers one and thirty-one, and bounded as follows, to-wit:
Beginning at the south-west corner of a piece of land sold to Jacob Mease, thence west along the Monroe and Western Reserve Road to the south-east corner of Nicholas Newber and William Greer's land thence north along the line to the north-east corner of the said Newber and Greer's, thence east along the line to John Moore's land, thence south along said John Moore's land to the place of land sold to Mease, thence south-westerly direction to the place of beginning, containing sixty-two acres, more or less.
The prayer of said petition is, that said petitioners may be authorized to sell and convey said land to enable him to pay the debts of said intestate.

Attention, Farmers!!

I have Removed my Store
BACK to the Old Corner formerly occupied by me, (opposite the old tavern stand) and known as the old-Baltimore Cash Store, and have opened up a splendid stock of
New Goods,
just received, which will be sold at very Low Prices. Having a plenty of warehouse storage, I shall buy most kinds of produce, such as the Farmers have to sell. If therefore, you have Wheat, Corn, Oats, Flax, Clover, or Timothy-Seed, Hides, Pelts, Butter, Eggs, Rags, &c. &c., give me a call and you will get the
Best Prices the Market affords.
My present stock in extent and variety, surpasses any I have ever before offered to the public; and as to prices, my motto will be
Not to be Undersold!
Some people think that to do a great deal of business, they must make a great deal of noise. But, Farmers, will you be flattered and deceived by a big and noisy, showy sign and falsely colored advertisement? No! The Intelligent Farmer will judge for himself and in the end patronize the man who does business upon the fairest terms.

Come up then, to the 'Old Corner,'
opposite to Dean's old stand, and in a quiet way we will sell you our goods and prices.
Come and look if you do not wish to buy.
Storage for Grain on favorable terms.

Head Quarters, REDEMPTION ITS PLEDGE TO THE PEOPLE.

KENDALL & NIBBS have made a great strike in the purchase of their Goods the present season, buying their very best, (during the winter months) and before the rest of the market.

The combined stocks of the Elyria & Sandusky concerns, on account of the large capital employed, enables them to purchase in large quantities, directly from the manufacturers, and thus to sell at a low price, and saving of the jobber's profit, and enables them to sell at a far cheaper rate than those who purchase from a single stock of Goods in the ordinary way. They estimate that they shall be enabled to save the people at least from ordinary prices,
30 per cent in their Boots, Shoes, and Nails,
25 per cent in their Hardware, Iron and Nails,
50 per cent in their Ready-made Clothing, of warranted quality, of which they have brought on for the first time a splendid assortment.

25 per cent on their Groceries, Sugars, Tea and Coffee;—and
40 per cent on almost every article in the Dry Goods line, such as Merinos, Cashmeres, Parametas, Lambs' tails, Silks, Calicoes, &c. &c.

In consequence of these advantages, they estimate to be able to save the people of Sandusky county at least ten thousand dollars.

In the purchase of their goods the present year. The fact, together with the correct opinion of some of their contemporaries, "that the intelligent farmer will judge for himself and in the end patronize the man who does business upon the fairest terms," is the only reason why the public are giving head quarters such

TRENDON PATRONAGE.

Every disappointment will undoubtedly cause many "extra" institutions, and those who indulge in such feelings will often scratch hard to find a "chance" of contention, and some will soon make more of a mistake as to suppose that success in business depends upon "noise & show," but it is all because they never took lessons at Head Quarters; if they had they would have found that they must first SERVE THE PEOPLE, and then the people will at once remember them in return.

Cholera Cordial.

A safe, certain and effectual preventive and cure for Cholera and Cholera Nocturna in all stages.

This Cordial is prepared and recommended by the best French and English physicians—and can be relied upon in all cases.

The propriety of giving the Cholera is a disease that should not be trifled with, and that to pain off upon the public an article that cannot be relied upon would be perpetrating the lie of all who use it—feel great confidence in offering this article to the public, it having stood the test in thousands of cases in France, England and Germany.

Nothing can be better, and one bottle will in most cases effect a cure—it is taken in time.

Every family should have a bottle on hand, as all are liable—and the Cordial should be given immediately upon the first symptoms.

An ounce of prevention is worth a pound of cure. Sold only by C. R. McCULLOCH, (15) Lower Sandusky.

MY FRIEND, do you want good Goods, and cheap Goods, call on PETTIBONE and examine his new stock just opened at his old stand opposite Dean's.

SCROFULA

If thousands of Cases of Scrofula, Cancer, Syphilis, and other morbid diseases of the Blood—and if the very SMALL QUANTITY of BRANT'S INDIAN PURIFYING EXTRACT, which was used in the curing of these diseases, be any proof of the purifying medical power of the Medicine which has subdued and conquered such Diseases—then there is unquestionable evidence of its efficacy.

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect, and there is abundant proof, in great cases testified, that ONE BOTTLE of this medicine, purifying, healing, virtue, and medical power, that there is contained in Four Doses of any Sarsaparilla, or any other medicine, has been ever before offered for sale.—There is abundant proof in our pamphlets that by the use of this Great Indian Purifier, they that were DYING of LIVER-DISEASE, that were LAME and CRIPPLED can now WALK—they that were RICK SCROFULOUS and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—
who have used BRANT'S PURIFIER after having used and tested all the Sarsaparilla and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest,
because ONE BOTTLE of it has more medical, curative matter in it, than in consequence, cures more disease in much less time, than one bottle of any other medicine.

Brant's is the Most Powerful,
because ONE BOTTLE of BRANT'S PURIFIER will cure FOUR TIMES more disease than one bottle of any Sarsaparilla, or any other medicine. BRANT'S PURIFIER is sold for ONE DOLLAR a bottle, and as a bottle of it has cured and is capable of curing Four Times as much disease as one bottle of Sarsaparilla, therefore, BRANT'S PURIFIER is the most powerful and least medicinal efficacy, should be sold at no more than Twenty-Five Cents per bottle, to be as cheap as the Sarsaparilla at One Dollar.

One Dollar's Worth!
How much CANCER—how much SCROFULA—how much SCROFULA will One Dollar's worth of BRANT'S PURIFIER cure! Read the following statement, which is a specimen of its power.

CANCEROUS SCROFULA!

This is the case of a *Young man* who got RICK SCROFULOUS of a worse case than that cured by ONE BOTTLE of BRANT'S PURIFIER. Further, than ever was cured by the use of Twelve Gallons of the best Sarsaparilla, which was never made. Sarsaparilla has not sufficient medical power to effect the cure of such a revoltingly hopeless case.

Mr. J. B. HARKIN, of Rome, Ontario Co., N. Y. had Scrofula four years—was confined to his bed the last year—he was so much debilitated and debilitated as to be unable to raise his head to his bed. He had the best medical advice—and used all of the best Sarsaparilla to no avail—lost sleep and appetite, and was confined to his bed in a *Young man*, and could not be cured by any other medicine. His neck was often nearly off from rest to rest—he was cured by BRANT'S PURIFIER, and was able to get up from his bed, and was cured by BRANT'S PURIFIER.
